## Corporate Profile

Artisticks, in existence for more than three decades, is a Chennai based metal handicrafts manufacturer, supplier and service provider. It is a well-established consortium of artists offering consultation and product manufacturing support to architects and interior designers. The Company integrates art into architectural features such as murals, sculptures, paintings, door embedment, handrail banisters, and important wall spaces. It uses a wide range of materials such as Beaten Copper, Brass Casting, and White Metal Casting to bring in uniqueness and class to the products.

The company is promoted and backed by five professionals having over two decades of experience in the field of fine arts and architecture. The promoter team is backed by a team of trained professionals specializing in designing and manufacturing customized artifacts.

The company has its own modern manufacturing facilities (studio) in Chennai spread across an acre industrial plot. The products are sold through retail galleries in Chennai, Coimbatore, Madurai, Bangalore, Hyderabad, Vijayawada, Vizag & Pune and marketing professionals in Mumbai and various other cities.

The Company is a registered member of Export Promotion Council for Handicrafts (EPCH), an apex National Body of handicraft exporters that promotes trade and exchange in the special segment.

Artisticks has been in the business for over three decades and since its inception it is a profit making company having highly committed core professional team. It has employee strength of 300 employees of which 200 skilled and semi-skilled artists work at the Studio.

The Company's products and services are aimed at being solely customer-centric and the team strives to fulfill the aesthetic requirements of discerning clients by offering customized and unique solutions for the clients.
